John

I am so excited for you and your family find. Of interest is that about a month ago I was working on a family in Lanteglos by Camelford. It is the family of Richard & Elizabeth (DUNN) BOSANKOE. they had 4 children

- 1 Elizabeth 27 nov 1763
- 2 Richard 26 jan 1766
- 3 John 17 jul 1768
- 4 Charles 29 jul 1770

I have several families there from the IGI, but was having trouble figuring out how they connected to each other.

Keep me informed of your progress. Let me know what you find out on this Honor Bosankoe.

Do you have a copy of the Thomas Bosanko will for 1784, where Alice Rogers & Dorcus Jewell are mentioned. All I have is a summery and would like copy of the original information. I think that some how this will connect to Samuel Bosanko.

Good Luck.
Fayth

Thanks for your interest in the Camelford family. The IGI actually has a baptism missing from this family, which I found on the film of the parish register. The Camelford family should actually be as follows:

Richard Bosanco (bpt 12 Apr 1734 son of Thomas & Honnour nee TARDREW)

He married (as Richard Bosankoe) Elizabeth DUNN on 7 Apr 1760 at Lanteglos by Camelford.

Children of Richard & Elizabeth (all bpt Camelford):

1. William bpt 15 Feb 1762
2. Elizabeth bpt 27 Nov 1763
3. Richard bpt 26 Jan 1766
4. John bpt 17 Jul 1768
5. Charles bpt 29 Jul 1770

It is the will of this fifth child, Charles, that I now have. In it he refers to his brother Richard of Camelford, his brother John of the City of London, his sister Elizabeth Clements (married 7apr 1795, St Kew), and also to two additional daughters (Susan and Ann) of his brother Richard. I have not yet found baptisms for these two girls, probably born in the 1770's. Perhaps you could keep a look out for these baptisms; my hunch at the moment is that they might have been born in the Plymouth area of Devon.

◆ Fields on the EOD Status List

Status	Enter the status you want the appointment changed to when End of Day Processing runs. The only choices we are using are Left Without Being Seen and No Show. <i>*To confirm whether or not EOD has been performed you can select the appointment on the report for which you have been working and select the Expand button. If End of Day has been done, it will be listed under the Appointment Information section of the Expand Window. The status the appointment was changed to will be listed.</i>
Cancel Reason	<i>We are not using this field.</i>
Current Provider/Resource	Displays the provider currently associated with the appointment. <i>*In the Urgent Care settings, there will be a generic provider listed here since you do not know who the patient will be seeing at the time you schedule the appointment. You will need to change this once you know which provider the patient saw that day.</i>
Change to Provider/Resource	You can use this field to enter a different provider in the same department. If you need to enter a provider from a different department, you must first switch departments using the Switch Department button in the upper right corner of the window. <i>*You will be using this field regularly in the Urgent Care settings as you will need to enter the provider the patient actually saw.</i>
Visit Type	You can use this field to enter a different visit type. <i>*This may be useful when a patient comes in for an Office Visit and ends up having a complete physical done.</i>

◆ Button on the EOD Status

Cancel	Select Close to exit the window without making any changes to the End of Day Status List.
Accept	Select Accept to retain the changes you made to the End of Day Status List and return to the report window you were on.

◆ Steps for No Shows or Left Without Being Seen

1. From the DAR, Patient History or Staff Daily, highlight the patient.
2. Select the **EOD** (End of Day) button from the tool bar.
3. Select **No Show** or **Left without seen** from the **Status** field and select **Accept**.

◆ Steps for No Shows That are Charged

1. From the **Department Appointment Report**, highlight the appointment and select **ChkIn**.
2. Select the **Check In** button on the Check In Window.
3. Highlight the appointment and select **Select** to go to the patient's **Appointment Desk**.
4. Select the **Patient Hx** Report and proceed to cancel the check-in.

Dear Fayth

A copy of the email I tried to send John David but which resulted in a non-delivery response. If any of this is relevant to your own line, I'd be happy to share any info I have.

Regards, Barry

Dear John

I have started to research my family history again after a 2 year lapse. My son has just married and his wife's mother is interested in genealogy and has encouraged me to get going again. I have signed up with Ancestry.com for a year as a way into the census data, etc.

From our previous correspondence, I believe that we share a common ancestor, the father of my great grandfather Edmund Samuel Bosanquet, and to answer your question below, I am interested in this whole line, including the London connections, e.g. Edmund's siblings and your line via John Joseph, Edmund's brother (?).

I am, however, very confused by some census data I have obtained via Ancestry.com which seems to partly agree with the info you previously sent me but contain some curious anomalies.

Firstly, the part I understand and which agrees with my own family knowledge/ records. Edmund and (some of the) children are recorded living in London in the 1881 and 1891 censuses and in Blackpool in the 1901 census. His mother, Elizabeth seems to have been living with him in 1881, but not found in 1891 and then living with John Joseph in St. Mary, Stratford Bow in 1901. Do you know where she was in 1891?

The problem arises between the 1861 and 1871 censuses. You identify Edmund as the **Edmond** age 5, being part of the John & Elizabeth Bosanquet family leaving at 32 Queen Street, St. Helier, Jersey in 1861. This certainly ties in with my knowledge of his age and birthplace being in Jersey but means his siblings would be Mary Ann (16), John (Joseph?) 13, Elizabeth (10), Joseph (8) and Matilda (2).

Incidentally, in the typewritten version of this census data, the name is shown as **Bosanguet** but I'm fairly sure looking at the handwriting that this was a mis-transcription and it was actually Bosanquet.

I cannot find this family in the 1871 census. What I find is John & Elizabeth **Rosankoe** living in Bethnal Green with son Edmund (15 - the right age and born in Jersey), daughter Elizabeth (20 - the right age), but no Joseph or Matilda and instead Selina (11) and Rosina (4). Presumably, if this is the same family, Mary Ann (by then 26), John Joseph (23) and Joseph (18) could be living elsewhere but has Matilda become Selina and why the name change, quite clearly shown on the 1861 census as Bosanquet to Rosankoe? And incidentally, on some of my early source documents for Edmund, his name shown as Bosankoe?

I've also found the family of John J (Joseph?) **Bosankoe** and Alice S living at 73 Ford Street, Middlesex, with children John W (11), Ernest E (10), Alice K (7), Henry T (4), Ada (2), and Selina (4 months) in the 1881 census, which I presume is your line from the parents John & Elizabeth Bosanquet in the 1861 Jersey census.

I'd love to get all this resolved, as I'm trying to fill in all the gaps in the post 1850 story, before getting into the more difficult earlier trail, so if you could help me out, I'd certainly appreciate it.

While typing this, I've suddenly thought of a possible explanation of the name change between Jersey and London - if the name in Jersey was actually **Bosankoe** but the census writer was french speaking, he (or she) may have transcribed Bosankoe into **Bosanquet**, and the 1871 London census writer may have misheard Bosankoe to be **Rosankoe**. Anyway, as we've previously discussed, it's quite clear that by the 1900s the family had settled on the Bosanquet spelling.

Subject: London connections

Hi Barry

Thanks for replying & for the interesting details re your maternal grandmother. I have a lot of details from London relating to the Bosankoe/quet family, but have so far found no evidence linking our family to the Huegenot Bosanquets, although there are a couple of possibilities via female surnames that married into the two families. My research so far leads me to believe that our own family can be traced back to a family of tailors from Lanteglos by Camelford, Cornwall in the late 1700s, with important connecting side branches in Plymouth and Bristol. Prior to this the family were in Holsworthy, and before that in Crowan up to about 1720. What I need to know is whether you would like information on the whole of the family in London, which stems from three brothers from Camelford, or just your direct paternal line backwards from Edmund Samuel, omitting his brothers, sisters, uncles, aunts, etc. Let me know & I'll e-mail what I have that is relevant. Best wishes, John.

Many thanks for your sources. I will verify Honor's marriage on my next visit to therecord office & let you know if it checks out.

Regarding my connections back to Cornwall, I came across a vital piece of evidence about 2 months ago. This was the 1821 will of Charles Bosanquet, gentleman, of Plymouth, in which he refers to a brother and sister in Camelford, Cornwall, as well as another brother, John, in the City of London. I couldn't really have asked for any better proof, and it is now certain that my tailoring ancestor, John, who turned up in London in 1785 came from a family of tailors from Camelford. Since discovering this crucial document, I have become very involved with other descendants from London. Thank you for asking; I know my line is some way removed from your own, but we do both eventually go back to Crowan. If you hear of

Entering and Editing Data

There are many different ways to enter and edit data within fields in Cadence. The following list contains different conventions and shortcuts you can use.

◆ Required and Recommended Items

Required Item

A field with a stop sign means it is a required field. A required field must be completed before leaving a form or window. The system will display a warning message if you try to exit a form without entering data into that field.

Recommended Item

A field with a yield sign means it is a recommended field. A recommended field is a field that should be completed, but the system will let you continue registering the patient if not filled in.

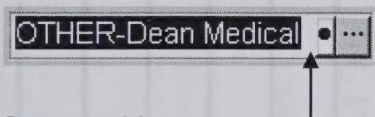

◆ Restore

The **Restore** button cancels all data entry changes made on the current form, and restores the fields to their original values. The Restore button cannot undo changes after you have left a form.

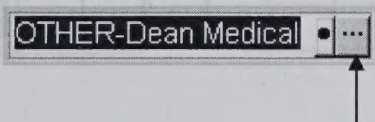

◆ Comment Button

In some fields there is a space where you can enter a comment. These fields are indicated with a small circle to the right of the information populating the field called a Comment Button. To enter or edit a comment, select the Comment button on the right side of the field or press **F6**. If there is an existing comment, the circle will be filled in.

◆ Category Lists

There are many fields that restrict your entry to a specific list of choices. If a field has a category list, there will be a selection button on the right side of the field. You can access the category list by striking the **F5** key, clicking on it with your mouse, or using the completion matching method. (Completion matching is when you enter the first few letters of a word and the system completes your entry.)

THE STORY TELLERS

author unknown

We are the chosen. My feelings are in each family there is one who seems called to find the ancestors. To put flesh on their bones and make them live again, to tell the family story and to feel that somehow they know and approve. To me, doing genealogy is not a cold gathering of facts but, instead, breathing life into all who have gone before.

We are the story tellers of the tribe. All tribes have one. We have been called as it were, by our genes. Those who have gone before cry out to us: "Tell our story. So we do".

In finding them, we somehow find ourselves. How many graves have I stood before now and cried? I have lost count. How many times have I told the ancestors you have a wonderful family you would be proud of us? How many times have I walked up to a grave and felt somehow there was love there for me? I cannot say.

It goes beyond just documenting facts. It goes to who I am and why do I do the things I do. It goes to seeing a cemetery about to

be lost forever to weeds and indifference and saying I can't let this happen. The bones here are the bones of my flesh. It goes to doing something about it. It goes to pride in what our ancestors were able to accomplish. How they contributed to what we are today. It goes to respecting their hardships and losses, their never giving in or giving up, their resoluteness to go on and build a life for their family. It goes to deep pride that they fought to make and keep us a Nation. It goes to a deep and immense understanding that they were doing it for us. That we might be born who we are. That we might remember them. So we do. With love and caring and scribing each fact of their existence, because we are them and they are us.

So, as a scribe called, I tell the story of my family. It is up to that one called in the next generation to answer the call and take their place in the long line of family storytellers. That is why I do my family genealogy, and that is what calls those young and old to step up and put flesh on the bones.

Welcome!

It is my pleasure to welcome you, to the **2004 North American Cornish Genealogy Seminar** and to the **12th Annual Cornish Festival & Celtic Celebration** in Mineral Point. You are in the heart of the old lead mining district of Southwest Wisconsin, the place where Wisconsin began. This area was the prime destination for many of those seeking the riches of the gray gold and a better way of life. The Cornish were the first major immigrant group to come to the area, bringing with them their families, prepared to stay.

The Genealogy Seminar is co-sponsored by the Cornish Society of Greater Milwaukee and the Southwest Wisconsin Cornish Society. The annual Cornish Festival is sponsored by the Southwest Wisconsin Cornish Society, with help from many businesses and dedicated individuals.

From the 1830s to the end of the century, settlers from many nations poured into the wild frontier of the upper Midwest. Some came to mine, some to farm. There were entrepreneurs of every kind. Many of them were our Cornish ancestors. Many of them stayed after the mines were finished. Their names are still extant in the phone books, schools, church membership rolls and on the street.

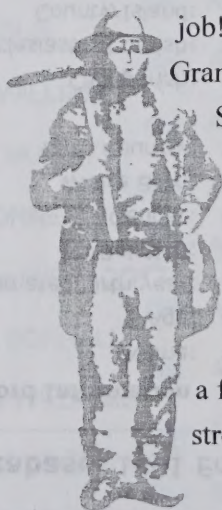

Today a steady stream of descendants of these adventurous pioneers return to southwest Wisconsin searching out family history. They are looking for answers to family questions, confirmation of family legends and stories, seeking to find a little of themselves by tracing the steps of their ancestors.

It is our hope that the Seminar we have planned for you and the Festival activities will be enjoyable, entertaining, educational and memorable. We hope your experience here while meeting others with whom you share this common bond, will help you realize a little of why you are the way you are.

I want to thank those on the main planning committee. They have done a great job! Tom Rowe of the Greater Milwaukee Cornish Society; Karen Reese of the Grant and LaFayette County Genealogy Societies; Dick and Annette Baker of SWCS and the Greater Milwaukee Society, and Judy Vivian, Betty Williams, Claire Fliess, Cathryn Tredinnick and Florence Wasley of Southwest Wisconsin Cornish Society. Thank you also to the vendors, please take time to shop. Thanks, also to donors of the door prizes.

Take some time while in Mineral Point to wander around town, to visit the fine shops and eating establishments. Visit Pendarvis State Historic Site to get a feel of how your ancestors lived. And smile at the people you meet on the street. They may be your real Cousin Jack or Jenni

Thanks for the prompt reply, yes they are the ones, rather unusual trade as the children made cigars too, not sure why they went to Jersey, Elizabeth Jessy Bosankoe was my great nan and they lived in Jersey for a while, then returned to London, she married a James Pemell who was a cabinet maker, are you related to this family Jayne

Title: **Re: Bosankoe/bosanquets**

Post by: **suzard** on **Wednesday 08 September 10 21:40 BST (UK)**

I am not related - just happy to do look ups

Cigar making wasn't that unusual a trade

1841 John Bosanquet was an apprentice cigar maker - then he became a cigar maker and he must have moved to Jersey between the birth of Joseph and the birth of Edmond and he became a cigar manufacturer with 2 apprentices (I suspect the 2 apprentices were his children :Mary Ann and John)

Is there any parrticular information you are looking for??

to save us looking up info you already have???????

I still am not sure what type of information you are looking for????

You original post asks "can you fill me in on any more details"?

We need to know what information you have already -or any specific details you are looking for????????

Where do the Cornwall Bosanquets fit in - I can't find a connection so far?

What is the connection with the "pemell" side ???

Hi

Could you please please state what information you already have -you have asked for "anything about him" - previously you did this then stated "I have a lot of the details" On this site we love to help people with their research - but require more definate requests, as looking up information can be quite time consuming and is very frustrating if it turns out to be a duplicate look up for information you already have.

If it is the musical careers of Edmond Bosanquet and Charles(Charlie) Pemell you are seeking -rather than their family history -then if you put their names into a search engine you get quite a few hits

Hi Suze thanks for your help with this, its mainly the Bosanquets in Jersey I am interested in, it does not help that they changed the spelling of there surname,they come from Bosankoes from Camelford in Cornwall there was a cigar maker called Joseph Bosankoe who went to Australia on his own and may have been part of the family, since my mum sadly passed away I have no one to refer to so many thanks for your time on this Jayne

Title: Re: Bosankoe/bosanquets

Post by: suzard on Thursday 09 September 10 23:04 BST (UK)

The family which moved to Jersey only had (as far as I can see) 2 children born there . They moved to Jersey between 1853-1856

By 1881 father John had died and widowed mother Elizabeth had moved back to England and was living with son Edmond

I will post all the relevant census etc shortly

I cannot find a connection to the Cornwall family yet

Could you tell me which Cornish family they are descended from = name and y.o.b. would help

Just been looking at your tree on ancestry and I think you have made an error somewhere along the line

You have father of John Richard (the one who went to Jersey) as Joseph Bosankoe b.c. 1804

then you have the father of Joseph as Richard John b.c. 1800!!!!

I don't think he would have a son only 4 years older than him???????

Hi Guys, The bosankoes mentioned in Jersey in 1851 are the correct family, John Richard was the father and was 26 at the time, he was born in 1825, his father was Joseph, who was the son of John Bosankoe and he was born in Camelford Cornwall in 1768. He was one of at least 4 children Elizabeth the eldest, Richard first son but second born, John, and Charles the youngest who died in Plymouth in 1818, I have a copy of his will. John Richard died in 1884 in the stepney workhouse. He farther ed two more children Henry Cornwall in 1864, and Rosina Alice Bosankoe in 1867. The John aged 16 years is John Joseph who was a cigar maker, but became a master tailor. He married in 1868 Alice Susannah rogers, and they had 7 children. I am descended directly from this male line, and can trace my name to Cornwall, and earlier to Holsworthy Devon The earliest descendant is thomas Bosanco married in 1721. Edmund was a musician and the family returned to Hackney between 1861-64 when Henry was born in Hackney.

If anyone can help with earlier ancestors of mine that would be great.

Thanks for the reply, it seems they travelled a lot and tailoring was a big feature of there trade, my nan Rosina who's mother was Elizabeth Jessy Bosankoe/Bosanquet was a Tailoress in Kentish Town but she also a singer and knew Marie Lloyd, they seem a very large family at some point, I presume this makes us some sort of cousin, I would love to know where they originated from as the name Zenobya Bosanco has cropped up. Hi Jayne, it's Steve, actually Elizabeth Jessey was the second daughter of John Richard named I believe after his father Joseph's second wife, the first daughter was Mary named after Joseph's first wife who died in 1830, probably after childbirth. Joseph then married Mary's sister Elizabeth at the end of the same year 1830. Joseph was the second son, and the third child of John Bosankoe the tailor they had at least 5 children three daughters and two sons, Anne Elizabeth, Maria Jemima, Mary Anne, and Richard John, Joseph's brother. Joseph's father was John Bosankoe and he hailed from Camelford in Cornwall, he married Margaret Bushby, he also had two brothers, and one sister, his father was Richard and in

private study or education. Applications for any other use should be made to the National Archives, Kew, Richmond, Surrey TW9 4DU.

turn his father was Thomas Bosanco, this guy was married twice, the second marriage and offspring relate to Elizabeth Jessey, and the second wife was Honnour Tardrew. He had a son from the first wife Elizabeth Doble, and he was named John, and then a further four sons with Honnour, Thomas, Richard, William, Charles. Richard is the direct line to Elizabeth Jessey, and it was his son John who became a tailor and moved to London. All the Children of Thomas where born in Holsworthy Devon.

Back to Elizabeth Jessey's father he married a hatters daughter Elizabeth Anne Robbins. His father Joseph was a barkeeper, and perhaps this was what lead to cigar making initially.

Hi is this the Steve I already know or another Steve?
Also I think were I find I come unstuck is where they have married more than once and also some of the children have similar names
Its interesting to see that they went to Jersey to carry on the cigar making and also had it as a family trade, I also found a travelling Richard Bosankoe who went ot Australia noted on passenger list as a cigar maker but he travelled alone I know some of the Pemells migrated there so perhaps they met up, there must be other relations around I have been in contact with Barry which has been helpful,

So we are what percentage Cornish are we then ???

Thanks for your time Steve

Hi Jayne it's the Steve you already know, as for the Richard that travelled to Australia it could be Joseph's brother or a son of his, because there were a number at one time in the cigar trade, as for the percentage Cornish or Devon I have no idea, in fact the name bosankoe was registered on documents until 1891 on the census,and on birth certificates etc. My guess is that the family changed the name in fact in 1818 Charles bosanquet is named in his will as Bosanquet at that time but this took a while for the London branch to catch up. In 1869 John Joseph still a cigar maker had a son John Williams and Bosankoe was the name they still used at that time, and again in the 1881 census they still used Bosankoe, but then in the 1891 census they were all Bosanquet. John Williams married in 1893 and was then Bosanquet and a Tailor at this time John Joseph his father was listed on the marriage certificate as Tailor., John Williams was my great grandfather. I also have the birth certificate for John Joseph the second child after Mary and before Elizabeth Jessey was born on 28th of August 1847 John Richard's occupation is Cigar maker, in Stepney London. I also have a copy of the marriage certificate for John Richard and his profession is Cigar maker, his father Joseph Bosankoe has the preffession of Publican documented, and Philip Robbins the father of the bride is a Hatter. Elizabeth Ann Robbins was the wife. They married in Stepney, and it was the 25th of December Christmas day.

Hello Jayne & Steve,

Im so excited, I delved further into the messages between you two and have found another 100years of relatives. Thankyou so much for all your hard work.

To summarize...

Thomas Bosanco of Holsworthy, Devon married Elizabeth Doole in 1721. Do you have his birthdate?

Richard Bosankoe

John Bosankoe (tailor) of Camelford, Cornwall b? married Margaret Bushby. He moved the family to London

Joseph Bosankoe B 1804 Publican "The Free Trader" in Stepney and a cigarmaker.

Name change to Bosanquet in 1818 by Charles and again in 1891 Census.

M Mary who died in 1830 and then married her sister Elizabeth.

John Richard B 02 FEB 1825 m Elizabeth Anne Robins 1843 in Stepney. She was a hatter's daughter b 1827.

Then there is John Joseph b 28 AUG 1847 who married Alice Susannah Roghers in 1868 and Louisa Henrietta Rymer in 1906. Steve, Jayne & myself descended from Susannah & John Joseph..

John Williams, Elizabeth Jessey and others including

my grandfather was Edward James Bosanquet b 1883 - the youngest son of John Joseph.

My father Cyril Joseph Bosanquet b 1920 London, moved to NZ in 1946.

Just to complicate matters I am "doubly related" as Mathilda Selina Bosanquet who was John Josephs sister, born in Jersey in 1859 married Henry Onslow B 1854 of Cheshire.

They had two children Henry Bosanquet Onslow and Annie Maud Onslow.

Edward my grandfather and Annie were first cousins and they married in 1905. They had 8 children but only 4 reached adulthood and of those 4, one died with no issued and between the other three - Violet, Lily & Joseph there were only

5 children. Im the youngest at 57 and the others are in their late 60's.

I am in touch with John David Bosanquet, his sister Sue and

their father John Charles Leslie Bosanquet - although not for some time so I do hope John Charles is still alive. They are of the John Williams lineage of which I think you are Steve.

I heard that John William and Edward (my grandfather) both fell in love with the same women but John being the older by 20 years won out and that caused a major rift between the two brothers who had clothing companies opposite each other but they never spoke again or so the story goes. On the rebound Edward married Annie who was boarding with them and who could make a delicious steak and kidney pudding!

I didnt know my grand father and only met my grand mother when I visited England as a 9yr old. It was not till my Father passed away in 1982 that I found out I had a brother and sister and with the help of my Onslow relations and the Salvation Army traced them and now am in touch with them.

Incidentally if you need info on the French side I have that and have visited previous residences/villages in the Languedoc where the Bosanquets hailed from. The challenge is

I have info relating to David Bosanquet b 1661 in Lunel who came to London in 1686 via Geneva. But we must be from a different line. I have info going back to Pierre who died in 1554.
My great great grandmother Mathilda Selina (John Joseph's sister) was born in Jersey but that wasnt till 1859 and I dont know why they went there, do you?

I look forward to hearing from you and acknowledge once again your work to date. Thank you.

Hi Jolene
Well you have been busy, now I understand why the family fell out I know my mum spoke to Ted a bit and Sydney went to Hong Kong, I think he was in the police or fire service and died in a fire, my mum used to play with Vi and Ted used to have a very dry sense of humour.

Stev has been a great help this has been years of research getting this family linked up but has been worth it, thanks to the internet and sites like these it has been easy to link up.

my niece went to the Northern territories so which part of NZ are you from also which woman did they both fall in love with.

If you can email me that would be great or ask Steve for my email address and are you or your family on facebook we can exchange photos, Barry Bingham is another relative he descends from Edmund who was born in Jersey.

So pleased to hear from you, I am 52 and have 5 children ranging from 27 to 12 I work as a HCA in Bath.

Looking forward to hearing from you cousin

Title: **Re: Bosankoe/bosanquets**

Post by: **Joles** on **Monday 08 November 10 00:34 GMT (UK)**

Hello Jayne & Suze,

I am Jolene Bosanquet and I live in New Zealand/Cook Islands. Jayne. I sent a long email to you and Steve last night about where I fit in to the family.

I've done research from the other end viz the french connection but have a gap from from mid 1600's to when Thomas Bosanco pops up in Holsworthy, Devon and marries in 1721. With all the Johns in the family it would be logical to assume we come from a Jean Bosanquet.

But why does the name Thomas suddenly appear when we have so many Jeans/Johns?

The Bosanquet/ de Bosanquet/Bouzanquet, Bousanquet and Boussanquet family came from the Languedoc Region in France. They were Hugenots and many left there to avoid persecution in the 1600's, others turned Roman Catholic to save their lands. I have the info of the family in that area and family trees of Bosanquets who ended up in England, specifically London. But it would appear our branch of the Bosanquet family went to Devon and then Cornwall and finally to London in the 1700's. I believe their name was changed to Bosankoe or Bosanke or Bosancoth probably to avoid undue interest had they kept the french Bosanquet spelling.

Records have a Pierre Bosanquet born around 1505 in Cognac and died in 1554. His son Pierre settled in Lunel.

Then we go into the Jean's for many generations.

The question is did they travel via Jersey en route from Lunel/Cognac in the Languedoc (Southern France) or go directly from say Brittany to Devon?

Perhaps we should be looking for Bosankoes/Bosankes from mid 1600 to 1700 in Jersey? Was there a census at all during this time?

Why did the branch of the family go there in the late 1850's and have two children borne there? Were they returning to where family had been in the 1600's escaping persecution?

Mathilda Selina Bosankoe b. 1859 was my Great Grandmother. She married an Onslow and had two children -Henry Bosanquet Onslow and Annie Maud Onslow(my gran).

Annie then married her first cousin Edward James Bosanquet, son of John Joseph. John Joseph and Selina were brother and sister.

Another twist is the name Bosanketh/Bosancoth recorded in Cornwall as early as 1525. However it is fact that many Hugenots settled in Cornwall.

What we need to know at this stage is any record of Bosanquet or Gaussen or Coste (as these families intermarried several times - or Bosankoe, Bosanke in Jersey 1600's to say 1720?

Hello Jayne And Joles,

Thomas Bosanco married twice first to Elizabeth Doble 30 January 1721, and they had John Bosanco born in Holsworthy devon, and then second to Honnour Tardrew on 26 Dec 1727 also in holsworthy Devon, four sons were born from this marriage, Thomas 1731, Richard 1734, William 1736, and Charles 1739. There could have been earlier children between 1727/1731 and probably were. Also there could have been more from the first marriage, unfortunately I cannot help with a birthdate for thomas, though I have seen potential fathers of the same name born around 1680 in the vicinity. Richard born in 1734 married Elizabeth Nee Dunn and they had at least 4 children Elizabeth 1763, Richard 1766, John 1768 the direct male line to me, and Chales 1770 who died on or about the 8th of July in 1821, and his name was Bosanquet on his will, a copy of which is in my posession through the good work of David Bosanquet my cousin. We have no idea why John Richard moved for a while to live inJersey,Edward james born 1883 and a brother to John Williams my great grandfather who married in 1893 when Edward would have only been ten years old, so I doubt the rift was caused through love of the same women. My father prior to his death had travelled to the Languedoc region and met with locals in search of family history links. David bosanquet 1661 is not from our particular lineage, and the name change is still a mystery.

Thanks for all the info. I have spent more time researching this family than any of my other family, it is a bit of a jigsaw but it is definately worth it, many thanks to everyone

Hi Fayth

John who came to London was my 5x great grandfather, and his brother William who also came to London was Pat Johns 4x gt grandfather.

I haven't yet found a marriage for John, but the baptisms of his children name his wife as Margaret:

Epic Terminology

◆ **Vocabulary**

ASCII	American Standard Code for Information Interchange The worldwide standard for the code numbers used by computers to represent the entire upper and lower case letters, numbers, punctuation, and special characters. There are 128 standard ASCII codes. ASCII does not include representations for any special formatting such as bold, italics, underlining, or tables.
Account	The account screens hold the financial billing information as well as details about the guarantor assigned to the account. It can contain more than one patient and more than one coverage.
Benefits Engine	The portion of the Epic software and master files where we capture and maintain health insurance benefit and coverage information for the different insurance plans our patients carry. Through our system set-up, this information can be made available in appointment scheduling, registration and other parts of the Epic system. <i>*Copay amounts, referral requirements and noncovered services are examples of the types of benefit information we can capture and utilize.</i>
Cadence	Epic's appointment-scheduling system.
Category List	A pre-defined set of values for specific fields in Epic <i>*Male, Female, and Unknown are the items defined in the category list for the Sex field.</i>
Completion Matching	Occurs when you are entering data in a field and you type in the first 2-3 letters of the word. The system provides a list of names or synonyms that start with those letters.
Coverage	Insurance information for patients. The coverage screens contain claim addresses, subscriber and member information, and benefit information. Any number of coverages can belong to an account, and any number of patients can share coverages.
Departments	Location and specialty make up the departments. (E.g. Sun Prairie Family Practice) All departments have a new 6 digit number- the first three are the location number and the last three are the specialty number. (E.g. 114117)
Direct Matching	Entering unique information about a patient, such as medical record number or social security number, to pull up only one patient record.
Encounter Form	The paper form used to record the relevant information about the services provided to a patient so this information can be entered into our medical billing system.
Encounter Number	This number is assigned by the Epic system at the time a patient is checked in for a scheduled appointment or walk-in visit. This number is entered at charge entry time and the patient, account insurance, provider, location, department and date of service information is pulled from the appointment record so this information does not have to be manually entered by the charge entry staff.

CARNEGIE-STOUT PUBLIC LIBRARY

360 W. 11th St.
Dubuque, IA 52001-4697
Phone - 319-589-4225
Extensive hours

Though Dubuque is not in Wisconsin, it was very much a part of the old lead mining area. The library has obituary and biographical indexes - 1857 to present; vertical file clippings, pamphlets and documents on Dubuque people and history. Various Dubuque County, surrounding county and local histories. Microfilmed census from 1836 to 1920., City directories, Dubuque county marriage records and newspapers, 1857 to date.

GALENA PUBLIC LIBRARY

601 Bench St.
Galena, IL 61036
Phone 815-777-0200

The Public Library in Galena is also a good source for information, as Galena was the "port of entry" to the lead mining region for those who came up the Mississippi. Many people who lived in that state-line area were married there as Galena and Mineral Point were the only towns of much size for some years.

Speakers' Biographies

GAGE MCKINNEY: Gage McKinney, Sunnydale, California, is a past president of the California Cornish Cousins. He was made a Bard in 1998, taking the Bardic name of Pow Orwek (California). He has contributed to many publications, including *Cornish World*. His recent books are *A High and Holy Place: A Mining Camp Church at New Almaden* and *When Miners Sang*, about the Grass Valley Choir. He is currently writing a history of Nevada County, California, in the Great Depression. Gage is a purchasing manager for Ingersoll-Rand.

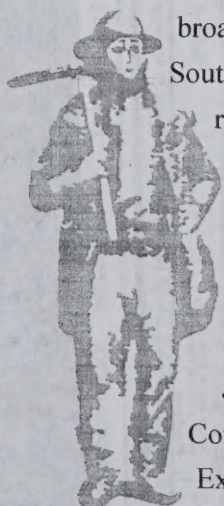

Gage is a regular speaker before service clubs, historical and genealogy groups in California. He has won awards for historical writing from the California Pioneers and grants for the Humanities and the Book Club of California. His wife, Ilka Weber, is named for a legendary Celtic Princess.

MIKE MORRISH: Mike Morrish lives near Truro in Cornwall. He is a member of the Cornwall Family History Society and past editor of it's quarterly journal. Mike and his wife Shirley (Pascoe) whom he married in 1957 have made genealogy their hobby on and off for over 20 years, but have been more serious since their retirement ten years ago to Cornwall. Shirley is Cornish, and her family lives near Redruth. Mike's roots are in Devon, but he has discovered that he does have a Cornish Great-grandmother from Penryn.

Mike's father's career was in the Royal Air Force. His early childhood was one of movement wherein he attended 13 schools all over the UK. Later he served two years in the National Service in the RAF 1953-55, part of it in Singapore and Malaya during the Communist offensive at that time. Following the war, Mike's entire career was spent in the UK Meteorological Office where he worked at a variety of jobs in various places, working with military and civil aviation in the UK and in Germany, radar research in the Indian Ocean, some forecasting for oil rigs in the North Sea in the late 1970s, and then specializing in media work. He did radio broadcasting with the BBC from London before transferring to Southampton on the South coast, spending the last ten years of his 40-year career as a TV presenter for regional BBC.

Mike and Shirley have three children, one of whom lives with her family in nearby Platteville. They have both been active in the Mineral Point/Redruth Twinning Organization and on the planning committees for Dehwelans 2002 and 2004.

product will exclude them from inventory balances, valuations and purchase orders. It will also exclude them from discounts applied to the quote or sales order.

Studios should set up the product ID and product types to correspond to the desired labor and service categories they want to track. Common product identifiers are labor, installation, and delivery.

These services are profit centers, and require a mark-up in the product type. To do this, create the corresponding product type code in the utilities section. For example:

Product Type	
Classifications	Product Type
Labor 1	2.4 or 1.0
Labor 2	2.4 or 1.0
Delivery	2.4 or 1.0
Freight	1.0

These products are then set up in the inventory database. For example:

Product ID	Product Description	Product Type	Net Cost	Exempt	Tax	List Price (Qty. 1)
Labor 1	General installation	Labor 1	15.00	Y	Y	36.00
	Services		1.00	Y	Y	
Labor 2	Finish Carpentry	Labor 2	25.00	Y	Y	60.00
Delivery	Delivery Services	Delivery	30.00	Y	Y	72.00
Freight	Freight Charges	Freight	1.00	Y	N	1.00

In the above form note that if Labor 1 is put in as a dollar and the markup is 1 that the quantity entered on the sales order will be the requested dollar amount.

Throughout Cadence, you will see information presented in rows and columns. (Also known as tables or spreadsheets) The column headers can be resized making them wider or narrower in order to view more information.

To resize a column, hold the mouse pointer over the right side border of the column header until the pointer changes to a double arrow or cross, then hold down the left mouse button and drag right or left. An example of when you need to do this is on the Staff Daily Schedule when the following columns appear. You can only view part of the Dept and Visit Type names. You would want to resize the column header so you can see the full name of the Payor.

Menus and Buttons

◆ Menu Bars

Once you log in to Cadence you will come to the Schedule Menu Bar. You will use the Menu Bars to start all of your work in Cadence.

Schedule Menu Bar

Reports Menu Bar

◆ **Important** ◆
Security determines what menus and buttons a user will have access to. In training, a user may see more or less buttons than what they will have when they log in with their actual security.

◆ Menu vs. Buttons

Menu Bar	The Menu Tab and Buttons make up the Menu Bar.
Menu Tab	The Menu Tabs are the tabs located on the bottom of the Menu Bar. There could potentially be five different Menu Tabs on your screen; the Schedule tab, Reports tab, Template tab, Chart Tracking tab, and Referrals tab. The security class a user is given determines what menus they will have access to.
Windows Menu	At the top of the Menu Bar there are Windows Menus. Selecting the words File, Schedule, Reports, etc, will give you a drop down list. The drop down list parallels the buttons on the Menu Bars. This list is significantly difference from the buttons because they can be accessed from anywhere in Cadence.
Button	Buttons appear on the Menu Tabs. The security class a user is given also determines what buttons they will have access to.

◆ Moving between buttons and menus using the keyboard

Tab	You can use the Tab key to move from button to button on any Menu Bar.
Shift-Tab	You can use Shift-Tab to move backwards on any Menu Bar.
Switching between Menu Bars	You can switch between Menu Bars without using the mouse. To do this, Tab to the last button on the Menu Bar that you are viewing, press Tab once more and then use your Right or Left Arrows to move to the next tab. When you are on the tab you want, press the Tab button again to move from button to button.

Proprietor Catherine Hawke Whitford, 2nd generation Cornish born in USA, brings your favorite Cornish treasures direct to you from Cornwall. Catherine's family has been traced by her late sister Maxine Hawke Heyl, who interviewed many, many relatives in Cornwall and diligently searched available records to document the HAWKE, originally TREHAWKE, family dates before the time of "William the Conqueror" 1027-87 and King of England 1066-1087, he ordered the "Doomsday Book" to be drawn up in which "Trehawke Barton" the original family home is listed.

TREHAWKE means farm, village or house of hawks and signifies the people raised hawks and falcons as birds of prey for hunting by the gentry. Trehawke Barton is a true gem with flag-stone floors, original wooden interior walls, built-in furniture (made without nails) and secret passage ways for means of escape in times of peril. The original coat of arms depicts three birds of prey; the Merlin & Coopers Hawks and the Peregrine Falcon.

Family still reside in Cornwall and Catherine has made several trips to visit. Her first visit was most "erie" as it felt to her as if "she had come home." The terrain and stone buildings are much like here, where her family resides.

WHAT DO I NEED TO DO?

1. USE **EPIC** LABELS IN PLACE OF MEDTEC LABELS

- This applies for all "one day out" and "two day out" appointments.
- Urgent Care and Same Day appointments will still use MedTec labels.

2. YOU WILL **NOT** GET LABELS BEFORE APPOINTMENT CHECK IN. LABELS (AND THE ENCOUNTER FORM) WILL PRINT AT THE NURSES STATION WHEN THE PATIENT CHECKS IN.

- The registration process will update all patient demographic, account and coverage information.
- The labels and the encounter form (formally called "charge ticket") will print at check in. This way all updates have all ready been entered into the system and will be included on the labels and encounter form.

Hello Fayth

Good to hear from you. I've been emailing Pat Johns for a while now. She connects into my London family with her direct ancestor (William) being the brother of my direct ancestor (John). These were the two tailors who settled in London, having been born in Camelford, Cornwall, sons of Richard Bosankoe & Elizabeth Dunn. I don't know if I told you but I managed to locate a will of another brother of these two (Charles) who was described as Charles Bosanquet 'gentleman of Plymouth' which absolutely confirms the connection between Richard of Camelford and John of London. The will was proved in 1821, and means that I can now prove my line back through John of London, Richard of Camelford, Thomas of Holsworthy, and so back to Crowan. It would seem that the name change from 'koe' to 'quet' in my line stems from this Charles, baptised 'koe' but named in his will as 'quet.'

Incidentally, I telephoned the Cornwall record office regarding the outstanding wills that I applied for last year. They apologised for the delay but are hoping to be able to forward them in the next month. I will let you know the details when they finally arrive. Hope you are keeping well. Best wishes, John.
